## *Candid* The Candid Camera

Allen Funt's camera goes naughty but nutty in this new adult version of his long-running favorite. Wait 'til you catch the rhythm of the double meaning tango, take a good look at the topless window washer, visit the doctor's office and chuckle with sheer delight at (Shhh!) many other situations much too candid to mention. See what you've always wanted to see on this very *Candid* Candid Camera—and never could until now. An HBO exclusive, not to be missed. **Jan. 26,30**

## The Boys From Brazil Gregory Peck Laurence Olivier

Cloning babies who will grow up to be second Hitlers is the sensational idea of Ira Levin's bestseller and this fast-paced suspense drama. Gregory Peck in an offbeat role, Sir Laurence Olivier as the Nazi hunter, James Mason and Lilli Palmer co-star in this film nominated for three Academy Awards. Great music by Jerry Goldsmith (Oscar for *The Omen*). Profanity, brief nudity, violence. (R-2:03) **Jan. 27,31**
